

FOR THE RECORD

How your legislators voted
on key state employee
issues in 2019 and 2020

An information publication from the Washington
Federation of State Employees/AFSCME Council 28, AFL-
CIO

This voting record covers key House and Senate votes in 2019 and 2020.

It's a useful "report card" indicating exactly how legislators have performed on state employee issues.

It's also a tool you can use to evaluate legislators running for re-election.

This voting record should help you determine if their votes in the past two years justify your support and endorsement in 2020.

But note: This is a "quantitative" tool. You should also evaluate legislators based on "qualitative" factors that don't come from votes on bills.
