

2025 WFSE Lobby Days

Join us this legislative session!

Join us in lobbying your legislators to fund our 2025-2027 contracts and pass pro-labor legislation.

The Legislature has control over our wages, benefits, pensions, working conditions and more. Every year they consider countless bills that can have an impact on everything from our safety on the job to our job security.

With your union, you can make a difference.

Find your legislative district and sign up for the corresponding lobby day. Email Danielle if you have any questions: DanielleH@wfse.org
