

Contract Negotiations Update

Your Bargaining Team is Working Hard to get our Benefits sooner to help fight rising Prices.

Negotiations with Jackson Health System are on-going with an end in sight.

The consumer price index in Miami has raised prices by 10% and the health system has been made to take notice. We are getting closer to one of the largest overall Cost of Living Adjustments (COLA) in our history with JHS.

We're working on adding more benefits, market adjustments, making sure we're given ample notice of coachings, and making sure the health system remembers how much they need us to keep the doors open and lights on safely!

We want you to stay informed via Zoom to listen in to these negotiations and be ready to show your support when needed. We'll be sending communications via personal email, please update your personal email and info with nbryant@afscme1363.org to stay informed.

Scan the QR code with your phone for links to AFSCME Member Only Benefits, A copy of our current Contract with JHS, update your email Information to stay informed, or Apply to be a Steward, We are Stronger Together!

NEXT AFSCME APRIL CONTRACT NEGOTIATIONS
