

WE ARE ON THE FRONTLINES!

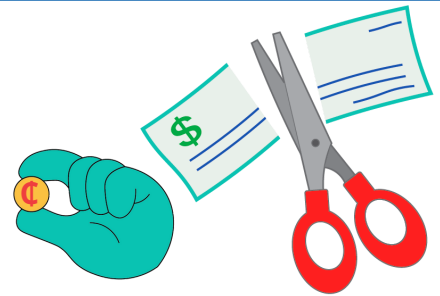

AFSCME members are **LEADING** and **WINNING** the fight for the pay we deserve to keep Maryland running.

HOGAN DOESN'T RESPECT FRONTLINE WORKERS

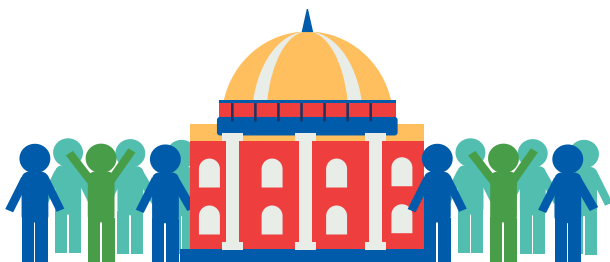

Hogan tried to **permanently** cut our pay by 5% and cut jobs! AFSCME members stood strong and didn't give in to his threats.

He tried to cut our pay unilaterally, and he failed again! We organized and got the Board of Public Works to vote it down.

We'll get a one-time \$1,000 bonus in April.
We'll take that, and continue to fight for funding for the permanent increases we deserve!

We are urging members of the Maryland General Assembly to put funding in the budget to make pay raises annual and permanent.
