This policy is designed to prevent favoritism and conflicts of interest.

The College and the union recognize the value of counseling and assistance programs to those employees whose personal problems affect the performance of their job duties and responsibilities. Employees may participate in the State's Employee Assistance Program in accordance with the Program's eligibility requirements. Participation in an EAP program is voluntary.

A) Limited Waiver of Confidentiality

If the College and an employee enter into an agreement which includes the College's agreement to allow the employee to return to work contingent upon the employee's successful participation in a treatment program, the employee shall be required to waive confidentiality in order to permit the College to verify the employee's successful participation in a treatment program. The employee shall be required to sign a release so that the program will provide the College with reports regarding the employee's successful participation (but without details on the employee's medical condition or history), and, if appropriate, the employee's ability to perform his or her job safely and effectively and/or whether the employee needs to continue to participate in a program beyond the time period initially indicated.

These reports shall be submitted to and maintained by Human Resources. The reports shall be treated confidentially and shall not be maintained in the employee's regular personnel file.

B) Referrals to EAP

If a supervisor or the College refers an employee to an Employee Assistance Program, then the College shall simultaneously give the employee a copy of the referral form and the documents submitted with the referral.

ARTICLE VII. INCLUSION AND EXCLUSION OF EXISTING AND NEW JOB CLASSIFICATIONS

Section 7.01: Job Classifications:

During the term of this MOU, if a new job classification(s) is created or the status of a classification within one of the bargaining units has changed, the College shall notify AFSCME at least thirty (30) days prior to the intended date of implementation. The College shall inform AFSCME as to whether it intends to place the new job classification in one of the bargaining units. At the request of either of the parties, AFSCME and the College will meet for the purpose of negotiating any issues within the scope of collective bargaining affecting the new or changed job classification. Disputes between the College and AFSCME as to the placement or change of a new job classification in the bargaining units may be submitted to the State Higher Education Labor Relations Board at the request of either party. The decision of the Board will be final and binding on both parties.

ARTICLE VIII. CONTRACTING OF WORK

Section 8.01: Integrity of the Bargaining Unit:

Unless otherwise provided by law, the College recognizes the integrity of the bargaining unit and will act consistently with the current statutory policy to use State Employees to perform all State functions in State operated facilities in preference to contracting out with the private sector. In the event the College proposes to use non-bargaining unit individuals to displace continuing bargaining unit Positions, it will provide the Union with notice at the earliest opportunity, but normally at least sixty (60) Days in advance and will be available to meet upon written request from the union within ten (10) days after the request is made. For the purpose of this Section, the College shall be considered a State-operated facility.

Section 8.02: Contracting Out/Outsourcing:

A: Notification

If the College proposes to layoff or otherwise displace employees in the bargaining unit by outsourcing to the private sector a function currently performed by employees in the bargaining unit, the College shall provide the union with written notice at its earliest opportunity, but normally no later than sixty days in advance of the publication of the RFP and IFB, unless circumstances require shorter notice. Emergency procurements shall be subject to these same notifications.

This notice shall contain:

- (1) an explanation of the College's reason(s) for its outsourcing proposal,
- (2) a listing of the number of employees, department(s), location(s), position(s), and names of employees that the College anticipates its outsourcing proposal would affect upon implementation and
- (3) an accounting of the projected cost of the service contract as opposed to the cost of using College employees.

The College shall send copy of the RFP or IFB prior to publication.

B: Meeting to Discuss the Union's Proposal

The union may make a written Request to the Director of Human Resources to meet to discuss the reasons for outsourcing (the "Request"). Within seven (7) calendar days of receipt of the Request, the Vice President of the affected department or his or her designee (the "VP") shall meet with the union in order to discuss the reasons for outsourcing. Following that meeting, the union may request a meeting with the VP to present a written proposal to the College detailing the specific benefits associated with the continued employment of the current College employees rather than outsourcing, improvements that could be realized by changing existing practices or methods, and the union's and the affected employees' commitment to demonstrating the benefits and putting into practice these improvements cited in the union's proposal. If the union requests such a meeting, it shall occur within three (3) weeks of the meeting referred to in the above paragraph.

C: College Response

If the union presents the College with a written proposal in accordance with subsection (B) above, the College shall consider the proposal. If the College determines that it will not at that time outsource and displace current employees, the College shall notify the union within thirty (30) days of the date of its meeting with and receipt of the union's proposal.

If the College's decision results in the displacement of current employees, the College shall proceed in accordance with the layoff policy [see Article 30]. A meeting requested by the union and held pursuant to, Section B is not a substitute for a meeting held pursuant to the layoff policy [see Article 30] to discuss alternatives to layoffs.

However, the union shall not present the College with the same proposal it presented pursuant to this Article as its proposal for an alternative to a layoff.

The College shall provide the union with a copy of the successful bid for all contracted work, to the extent provided by law.

ARTICLE IX. PAYROLL, HOURS OF WORK, AND OVERTIME

Section 9.01: Normal Business Hours:

The normal business hours of the College are 8 a.m. to 5 p.m., Monday through Friday.

Section 9.02: Standard Workweek - Non-exempt:

The standard workweek for full-time non-exempt employees consists of forty (40) hours per week. The standard workweek for most full-time non-exempt employees consists of five (5) consecutive days with eight (8) hours per day. In terms of pay, the workweek begins at 12:00 a.m. on Wednesday and ends at 11:59 p.m. on Tuesday. The College has the right to schedule its employees to fully meet the operational needs of the College; however, the College will make a good faith effort, whenever practical, to provide employees with consecutive hours in the workday and consecutive days in the workweek. However, the College may designate an alternate work week based on business needs. In such instances, the week shall consist of five (5) consecutive work days.

The College shall schedule employees so that they have eight consecutive hours during the normal workday and five consecutive days of work in their workweek and two consecutive days off (except the Commissioned Officers in Public Safety whose schedule is detailed in Section 9.3 and Non- Commissioned Officers, whose schedule may include Saturdays and Sundays- but who have two consecutive days off). There shall be no split shifts (an unpaid break) unless requested by the employee and approved by the supervisor.

Currently, the Housekeeping Department has a Monday through Friday schedule, with special arrangements for Saturday and Sunday work. Those arrangements are based on:

Voluntary overtime

Mandatory overtime, issued on a reverse seniority system

The College intends to continue this practice for the duration of this contract, except as necessary to respond to fiscal and/or operational needs.

Section 9.03: Adjustments to Schedules:

The College may make necessary adjustments to Non- Exempt Employee schedules in order to maintain a forty 40-hour per week schedule and to minimize overtime situations. Unless an emergency situation exists, Employees shall receive one (1) month prior notice to desired schedule changes. Employees may be required to work alternative shifts or different work schedules as necessary to meet campus needs. For Officers, temporary shift changes may be made if coverage is needed due to either an absence-related to sickness or to an unscheduled attrition of longer than one (1) week and the maximum length of the temporary shift change shall

be no longer than three (3) months.

An Employee may request to exchange shifts with another employee and with the approval of their supervisors it shall be granted, where such shift changes do not create additional overtime.

Adjustments to Schedules for Officers:

For Officers, see below, temporary shift changes may be made if coverage is needed due to either an absence related to sickness or to an unscheduled attrition of longer than one (1) week and the maximum length of the temporary shift change shall be no longer than three (3) months.

An Employee may request to exchange shifts with another employee and with the approval of his/her supervisors such requests shall be granted where such shift changes do not create additional overtime. A supervisor shall not unreasonably deny an exchange of shifts.

Officers: There shall be no more than five (5) shifts.

The Supervisor shall maintain the authority to determine Days off and shift of the Officers, but shall do so in compliance with the terms of this Section.

Temporary shift changes may be made if coverage is needed due to either an absence related to sickness or to an unscheduled attrition of longer than one (1) week. No Officer shall be subject to a schedule change for the purpose of avoiding the payment of overtime unless the Officer voluntarily agrees to the change.

Officers may request to exchange shifts with another Officer with the approval of their supervisors, where shift changes do not create additional overtime.

Section 9.04: Recording Hours Worked on Time Sheets:

Non-exempt employees are required to record hours worked on biweekly time sheets.

- a) Exempt employees are required to report time off on the Monthly Leave Report. Exempt employees are not entitled to overtime, on-call, or essential pay.
- b) In accordance with the Fair Labor Standards Act (FLSA), Non-exempt employees shall receive 1-1/2 times their regular rate of pay with the addition of shift differential for hours in excess of forty (40) hours per week. Paid leave shall count as work time for all purposes, including but not limited to leave accrual and overtime. All hours, other than emergency call backs, worked in excess of forty (40) hours per week must be pre-approved by the employee's supervisor. Knowledge of the overtime being worked shall constitute approval. Overtime hours must be submitted on the appropriate overtime form and will be paid to the employee on the next regular pay day following submission of the overtime form to the office of personnel services.

Work time includes but is not limited to all time that an employee is required to be on duty or at a prescribed place of work or any time that an employee is assigned to work, including but not limited to: all time that the employee is required to be on duty or make an appearance before a court or administrative body on behalf of the College or as a witness in an administrative hearing related to St. Mary's College; time spent in traveling required by the College during regular working hours (excluding time spent traveling

from home to work and work to home at the beginning or end of the shift} and non-voluntary meetings, committee work and training required by the College. Officers are not required to be in an "on call" status; however, an Officer must respond to a directive to return to work during an emergency situation.

Travel time will be paid according to this MOU and the Fair Labor Standards Act. Mileage shall be at the rate paid by the State of Maryland.

- c) Employees in exempt positions shall be assigned a reasonable work schedule, usually eighty {80} hours bi-weekly. The work of employees in exempt positions is not solely measured by the hours worked. Employees in exempt positions are expected to work reasonable hours necessary to complete assignments on a schedule that satisfies the requirements of the job.

Section 9.05: Work Schedules:

A work schedule is defined as the employee's assigned work hours, including starting and ending times during the day, and the days included during the standard workweek. Temporary assignment of flextime and/or overtime hours shall not be considered a change in the work schedule of an employee.

Employees shall have the right to swap shifts, with the approval of their supervisor and as noted in section 9.03.

Section 9.06: Work Breaks:

There shall be two duty-free rest periods of fifteen {15} minutes each for all full-time assignments. Break periods shall be scheduled towards the midpoint of the first and second parts of the employee's daily schedule. Breaks may not be combined at the Employee's discretion. With the approval of the supervisor, an Employee may schedule the break at another time.

For Officers, there shall be two {2} fifteen {15} minute breaks each shift. Breaks will be taken at the discretion of the Officer in accordance with past practice. Management has the right to call an Officer back into service to respond to an emergency.

Reminder: Employees' break periods begin at the time employees stop working and ends fifteen {15} minutes after work stoppage. Employees must resume work at the end of any of the fifteen-minute{15} period.

For all staff who perform most or all of their work outside or who work inside locations where the internal temperature significantly fluctuates based in the outside temperature, on days when the temperature is forecasted to be above 90 degrees Fahrenheit or below 30 degrees Fahrenheit by National Oceanic and Atmospheric Administration {"NOAA"}, the College will follow the Occupational Safety and Health Administration {"OSHA"} standards for providing more frequent breaks based in the circumstances but in no event less than one {1} additional break of ten{10} minutes during the employee's shift.

Section 9.07: Lunch break:

All employees shall receive and are required to take a duty-free unpaid lunch period of one {1}

hour; or, thirty minutes if approved by the supervisor. The lunch period should be scheduled around the mid-point of the employee's regular work shift with no restrictions. If an employee, through no fault of their own, is unable to take their lunch break they may choose to take their lunch break at the end of their shift.

Officers shall receive a paid lunch period that shall be taken at the discretion of the Officer. The College has the right to call an Officer back into service to respond to an emergency.

Section 9.08: Position Description:

Upon initial employment and upon each change in job classification thereafter, each full-time or part-time bargaining unit employee shall be furnished a copy of his/her job description, applicable salary, assigned work location, daily work schedule, and prescribed standard workweek. The position description describing the essential components and the minimum qualifications and requirements necessary to perform the essential function of the position shall be included in the new employee packet. The position description is a statement of the actual duties and responsibilities that an employee performs in a particular office or department. Copies of position descriptions shall remain in an employee's file. An employee or their union representative may request a copy or copies of position descriptions at any time.

"Other duties as required" and similar terms shall mean job-related duties directly relevant to the position. An employee who is temporarily responsible for the duties of a higher classified position or a vacant position shall receive additional compensation. It is the employee's choice to accept or decline temporary responsibilities for additional compensation.

Section 9.09: Updating Position Descriptions:

Position descriptions may be evaluated to determine if changes are needed to reflect the duties and responsibilities. Position description changes shall be bargained if any change is a mandatory subject of bargaining. Reclassification procedures may be applicable in certain cases. Employees shall be provided an opportunity for input. Bargained changes shall be approved by the College and the union. The employee will be provided an opportunity to sign the position description and shall be provided a copy of the updated position description. If the employee chooses not to sign, the College will include a notation of the employee's waiver of signature. The union may also request a copy and such copy will be provided within 3 working days. If the employee disagrees with the College's decision, the employee may process an appeal through the grievance procedure.

Section 9.10: New Positions - Position Descriptions:

Preparation of new position descriptions is the prerogative of the College. The supervisor shall be responsible for preparing position descriptions. The supervisor shall make the final recommendation on content. Position descriptions shall be reviewed by the divisional vice president or designee and head of Human Resources or designee then signed by the employee and forwarded to the Office of Human Resources. If the employee chooses not to sign, the College will include a notation of the employee's waiver of signature. An employee may decline any promotion to a new position.

The employee accepts that, in declining a new position resulting from a change in their current position due to work method, workflow, or the needs of the College, they may be placed in another position that is the same or similar to their current position. However, if no position is available at the time of the promotion offer, and the available position has a lower salary range, the incumbent shall move to the lower position with no loss of compensation.

Section 9.10.01: Senior Non-Commissioned Public Safety Officer Positions:

After three (3) years of employment and at least three (3) years of meets or exceeds standards on performance evaluations with St. Mary's College of Maryland, an officer is eligible to be reclassified to a Senior Non-Commissioned Public Safety Officer position. When approved, the incumbent will receive a \$350 increase to annual base pay.

The reclassified position will have all normal duties related to a non-commissioned public safety officer position. Additional duties will include, but are not limited to: field training, mentoring, and temporarily acting as lead non-commissioned officer, as needed. Senior Non-Commissioned Officers acting in the role of lead still have the right to access supervisors and others normally of authority when addressing more critical questions/decisions.

This change will be made retroactive to July 1, 2012.

Agreement on Section 9.10.01 is contingent on the agreement on the proposed changes to 25.02, 25.04, and 25.04.02.

Section 9.11: Payroll:

The College shall provide newly-hired employees with all documents, forms, and policies that they have been asked to read, acknowledge and/or sign.

Section 9.12: Paydays and Paychecks:

Payday occurs every two weeks, on Wednesdays. As a condition of employment and by statute all employees will receive pay by direct deposit. Employees are provided online access to pay stubs. Where an employee has difficulty printing or accessing pay stubs, an employee may request a hard copy from HR.

Section 9.13: Overtime Pay after 40 hours per week:

All work performed by a non-exempt employee, in any classification, beyond forty (40) hours in a standard workweek, shall be compensated at the rate of one and one-half times his/her current hourly rate in accordance with the FLSA. Overtime shall be compensated at time and a half the employee's regular rate of pay.

Section 9.13.01: Overtime - Public Safety-Overtime:

All Public Safety Officers and Dispatchers who are pre-scheduled to work an overtime shift or assignment and report to duty will be guaranteed three (3) hours overtime pay at the overtime rate unless the employee is a holdover from a previous shift.

Section 9.14: Overtime Distribution of Overtime as Equally as Practical:

Overtime shall be distributed as equally as practical among all the employees within a specific job classification and department/office for which overtime is needed. Every supervisor or management representative responsible for the assignment of overtime shall maintain a list containing the name and the number of hours of overtime worked for each employee in his/her department/office. Overtime lists referred to in Section 9.14, 9.15 and 9.16 etc. shall be made available to all employees and to the union upon request.

Section 9.15: Overtime List:

Overtime shall be assigned on a rotating basis from an existing list containing the names of all employees who have volunteered for overtime work. Overtime shall be on the basis of seniority within the class, with the first opportunity being offered to the bargaining unit member with the highest seniority in the class. It shall be administered on a rotating basis depending on employee acceptance or rejection of overtime work.

Section 9.16: Overtime- Method of Distributing Offers of Overtime:

When an opportunity for overtime exists, the employee at the top of the list will be first offered the available overtime. Should the employee whose turn it is to work overtime decline such opportunity, the supervisor shall offer the overtime to the next person on the list and continue this process until an employee is available. In rare circumstances, when no employee from the list is available or everyone has rejected the opportunity to perform overtime work, the Employer will assign the work to that person with the least seniority within the job classification in the department/office. Such an assignment shall be made at least 40 hrs. in advance unless an employee is being asked to cover for someone who has just called out sick or unless an emergency exists. An employee who rejects overtime work will have his name placed at the bottom of the overtime list. If an employee is properly on leave when an overtime opportunity would have been offered based upon the employee's position on the overtime list, the supervisor shall not consider that employee as having had an overtime opportunity. The employee shall be eligible if and when the next overtime opportunity occurs.

Section 9.17: Overtime shall be voluntary whenever practical:

Whenever practical, overtime will be assigned on a voluntary basis; however, due to operational needs, the College may assign mandatory overtime work to Employees who ordinarily perform the work being assigned within the classification. If a volunteer cannot be found to work overtime, an Employee who is called to work from the mandatory overtime list may request not to be mandated to work overtime if he/she has a set appointment or a major life event, such as, but not limited to, a wedding or an Employee's child's prom or graduation, and such requests shall not be unreasonably denied by the Employee's supervisor. If the Employee does not work the mandated overtime assignment for reasons stated above, the Employee's name will not be moved from the mandatory overtime list.

Section 9.17.01: Overtime Limitations:

A shift exceeding sixteen (16) hours shall only be worked in an emergency situation such as when supervisors are unable to contact Employees on the overtime list, natural disasters, emergency responses, etc. At no time shall any Employee work a continuous shift longer than sixteen (16) hours unless an emergency situation exists.

Section 9.18: Overtime- Advance Notice:

Unless it is an emergency, the College shall provide notice of required overtime work at least 48 hrs.

in advance. Refusal of overtime work by employees on the basis that management did not provide advance notice within the time limits shall not be considered as a rejection of overtime by employees and their place on the overtime list shall remain unchanged. To provide timely advance notice, the College shall establish an up-to-date list of campus events including dates and times when employees will normally be expected to work overtime. This list should be published on a monthly basis with updates as necessary.

Section 9.19: Overtime- Payment of Overtime:

All hours under the overtime provisions of this MOU and, in accordance with the FLSA, shall be turned in on the appropriate overtime form and signed by the supervisor. Overtime will be paid to the employee at the next regularly scheduled payday, provided that such hours of overtime took place before the payroll reporting deadlines and the overtime report is turned in prior to the required payroll date submission.

Section 9.20: On-Call Pay:

A non-exempt employee who is required to be on-call shall be compensated by payment of a fee in an amount of \$60 for each 24-hour period that the employee remains on-call. The on-call vehicle shall be permitted to be parked at Lot A near Public Safety.

Section 9.21: On-call assignments defined:
