KNOW YOUR CONTACTS

Use of Force Incident?

WFSE FIRST RESPONSE PROGRAM

Call: Chris Coker, Attorney at Law: 360-791-6736

This is the 24/7 number you call when you are involved in a critical incident involving a serious injury, death, shooting of another person, or whenever a firearm is discharged during the course of your official duties.

As a WFSE member, you get FREE 24-hour access to an attorney that understands LCB, its policies and procedures, and the line of work we do.

The WFSE First Response Program is linked to our legislative and negotiations departments, which allows us to manage the use of force on multiple levels with departmental and legislative relationships.

The end result? Coordinated services for your case and a maximized chance of a successful outcome.

Why pay double for less?

| WFSE PORAC - \$10/MONTH | FOP - \$25/MONTH |
|--|--|
| PORAC, our national legal defense program, is available as an <i>optional added benefit</i> , for administrative, criminal and civil proceedings, but for a fraction of the cost of FOP's. | This is what you get with FOP. An identical national legal defense program to PORAC that gives you access to an attorney for administrative, criminal and civil proceedings. |

Need Support?

The Member Connection Center is your one-stop shop for union information, member support and connecting you with your local field council representative.

Open: 8am-6pm Mon-Fri.

Call: 833-MCC-WFSE (833-622-9373)

Email: MCC@WFSE.ORG

Bargaining or Legislative Questions?

Questions about your contract or how you can speak to elected officials about the importance of LCB, good wages and benefits, job security, and safe working conditions? You have access to a labor advocate and lobbyist that specializes in understanding your unique work.

Also for more legislative action that impacts you and your other 47,000 union siblings, visit wfse.org/take-action.

Call: Ton Johnson: 360-480-1699
