

# DAVIS VISION LASIK SERVICES

We take pride in providing members with quality vision care choices that fit their lifestyle needs. Laser vision correction (LASIK) is a procedure that can reduce or eliminate your dependence on glasses or contact lenses. This corrective service is available to you and your eligible dependents<sup>1</sup> at a special discount with your Davis Vision plan.

## IS LASIK RIGHT FOR YOU?

Are you nearsighted, farsighted or have astigmatism? If so, LASIK could help you regain your vision through a single procedure. The FDA approved procedure reshapes the cornea so that light entering your eye is properly focused onto the retina. Vision is usually corrected immediately following the LASIK procedure. Find out more by calling 1 (855) 502-2020.
