Re: Implementation of the Pay Plan Award

Dear Mr. Winston,

I am writing on behalf of both AFSCME and CWA. They continue to get a number of calls from individuals with questions regarding their back-pay checks. Based on those calls, AFSCME and CWA would like the following information: (1) an update on the total number of checks issued, separated for each bargaining unit, (2) an update on the total number of checks that remain to be issued, separated for each bargaining unit, (3) an accounting of the way the Temporary Recruitment and/or Retention Differentials were adjusted based on the prior agreement of the parties regarding the handling of that information, and (4) the name and contact information of the person(s) to whom AFSCME and CWA should refer any questions they are unable to answer.

Please provide this information by December 11, 2017, or at least let me know at that time how much more time SPO would need to respond.

Sincerely yours,

Stephen Curtice
