

FACT:

Ohio University is asking Administrative Unit Leaders to cut costs by 5%-10%.

How will these cuts affect you?

Will you be treated fairly?

FACT:

A union contract gives you job security.

Your union contract will provide:

- ✓ Defined Work Weeks
- ✓ Overtime Procedures
- ✓ Lay-off, bumping rights, recall procedures and protections
- ✓ Final and binding arbitration
- ✓ Defined and protected health insurance benefits, sick leave and vacation benefits

**What's the #1 benefit
of being part of a union?**

Security.

Security for your family. Security for your future. Peace of mind knowing that you have done what it takes to protect your job and everything that goes along with it. And that's just the start.

Be union strong.

The benefits of membership in a union are indisputable. The protections and discounts that our members enjoy mean security, stability, and peace of mind for you and your family. Each and every member adds strength to our voice. Get the facts and talk to your co-workers and peers about the benefits of membership.

OHIO UNIVERSITY NEEDS US.

We need a union.

As dedicated Ohio University employees, we work hard to provide quality services. We care about our jobs and believe it's time for our dedication, hard work and loyalty to be recognized. By joining together, we can make OU an even better place for our students, our coworkers and ourselves.
