

**Spring Steward Retreat
April 10-12th, 2024
Delta Hotel, Minneapolis, Minnesota**

Schedule of Events

Tuesday, April 9th

Check-in at the hotel. Come after work and get settled in for the evening to be ready for the retreat in the morning.

Wednesday, April 10th

State Steward and Contract Training: This comprehensive training examines why we decide to become stewards, the steward's role in investigations, filing grievances, labor management committees and more. Alongside steward training, contract training is intended to be a deep dive into the state multi-unit master contract. This training is for both new and seasoned stewards to gain a firm understanding of state contract interpretation.

Thursday, April 11th

Local Mapping/Organizing and NEO Training: Local Mapping and Organizing is intended to help our local map out our represented members across the State and come up with new ways to become more involved with our membership as well as organizing non-members to realize the worth of a union. Further, New Member Orientation (NEO) is the best time to approach co-workers about joining the union. However, creating a program that works for your individual local can feel daunting. This training is to help locals create a new member orientation program that works for them so that they have successful conversations with new co-workers.

Friday, April 12th

Town Hall/Recap: This half day session will be a wrap up and recap of the learning for the past two days and a time to ask any other questions before adjourning from the retreat.

Active and creative members make our local stronger.

Let's make a difference together!
