

ARTICLE 45 – COMPENSATION, WAGES AND OTHER PAY PROVISIONS

45.1

A. Effective July 1, 2021, each classification represented by the Union will continue to be assigned to the same Pay Table and Salary Range as it was assigned on June 30, 2021. Effective July 1, 2021, each employee will continue to be assigned to the same Salary Range and Step that they were assigned on June 30, 2021 unless otherwise agreed.

B. Effective July 1, 2022, all Salary Ranges described in Section A above will be increased by three percent (3%). This increase will be based upon the salary schedule in effect on June 30, 2022.

B.C. Employees who are paid above the maximum for their range on the effective date of the increase described in B or C above will not receive the specified increase to their current pay unless the new range encompasses their current rate of pay. Employees who are Y-rated as of June 30, 2021 will continue to receive that salary if it is higher than the top step of the salary range for their classification as specified in Appendix I

45.2 Annual Salary Adjustment. Employees will receive an annual salary adjustment based on their progression start date until such time as the employee reaches the top automatic step of their salary range.

A. Movement on General Schedules: Employees who are hired at the minimum available step of their pay range will receive a two (2) step increase to base salary following completion of six (6) months of continuous service and the date they receive that increase will be based on the employee's progression start date. Thereafter, employees will receive a two (2) step increase annually, based on their progression start date, until they reach the top automatic step of the pay range.

Employees who are hired above the minimum available step of the pay range will receive a two (2) step increase to base salary following completion of twelve (12) months of continuous service and the date they receive that increase will be based on the employee's progression start date. Thereafter, employees will receive a two (2) step increase annually, based on their progression start date, until they reach the top automatic step of the pay range.

B. Movement on Health Care Schedules: Employees who are hired on the Health Care pay tables (as shown in Appendix V) above the minimum available step of the pay range will receive increment increases at the rate of one (1) step each twelve (12) months until they reach the top of the pay range. The date they receive that increase will be based on the employee's progression start date until they reach the top automatic step of the pay range.

1 Employees who are hired on the Health Care pay tables (Appendices III, V,
2 and VIII (as shown in Appendix V) at the minimum available step in the pay
3 range will receive a one (1) step increase to base salary following completion
4 of six (6) months of continuous service and the date they receive that increase
5 will be based on the employee's progression start date. Thereafter, employees
6 will receive a one (1) step increase annually, based on their progression start
7 date, until they reach the top automatic step of the pay range.
8

9 C. When a date progression increase coincides with a promotional date, the
10 appointment to a new salary range, and/or a market adjustment, the
11 progression increase date will be applied first.
12

13 D. The University, at its discretion, may approve additional increment increases at
14 any time. Such additional increment increases will not change an employee's
15 progression start date.
16

17 45.3 Recruitment/Retention Compensation. The Employer may increase the salary of
18 classifications that are experiencing recruitment/retention problems.
19

20 45.4 Transfers/Lateral Movement. When an employee moves from one position to
21 another position in the same or a different classification at the same salary range,
22 the employee will retain their previous salary range and step.
23

24 45.5 Promotions/Reallocation/Reversion. Upon promotion or reallocation from a
25 position under this contract to another position under this contract with a higher
26 salary range, the affected employee shall be placed on the salary step of the new
27 range which reflects a minimum of a three (3) step increase, except for positions
28 on Health Care Professional/Technical pay tables, which shall receive a minimum
29 increase of 6%.
30

31 The new progression start date shall be the first of the current month for effective
32 dates falling between the first and fifteenth of the month and the first of the following
33 month for effective dates falling between the sixteenth and the end of the month.
34 An employee who voluntarily reverts or is reverted by the Employer during the trial
35 service period in their promoted position will have the previous salary range and
36 step they were was receiving prior to promotion reinstated.
37

38 45.6 Work Out of Class. When an employee is temporarily assigned by Management
39 in writing, which may include e-mail, to perform the principal duties of a higher level
40 position for a minimum period of one (1) working day, the employee shall be paid
41 a temporary salary increase (TSI) of at least five percent (5%) over the present
42 salary but not to exceed the maximum of the range for the higher classification.
43 Said increase shall be effective as of the first day of the assignment.
44

45 45.7 Downward Allocation Compensation. An employee occupying a position that is
46 reclassified to an existing class with a lower salary range shall be placed in the

1 salary step in the new range which is closest to the current salary, provided such
2 salary does not exceed the top automatic step of the new salary range.

3
4 45.8 Shift Differential Premium Pay. Employees assigned to evening or night shifts
5 shall receive a shift differential of at least \$1 per hour, except for those job titles
6 listed in Appendix II, which shall receive the applicable rates. Employees in Skilled
7 Trades job classifications assigned to evening or night shifts shall receive a shift
8 differential of at least \$2.00 per hour.

9
10 For the purposes of this Agreement, evening shift is defined as a majority of time
11 worked daily or weekly between 5:00 p.m. and 12:00 a.m. Night shifts defined as
12 a majority of time worked daily or weekly between 12:00 a.m. and 7:00 a.m.

13
14 Any classification which receives a higher shift differential on the effective date of
15 this Agreement shall continue to do so. Shift differential shall be paid for the entire
16 shift that qualifies. When an employee is regularly assigned to an evening or night
17 shift that qualifies for shift differential, they shall continue to receive the shift
18 differential during temporary assignment, not to exceed five (5) consecutive
19 working days, to a shift that does not qualify.

20
21 When an employee is compensated for working overtime during hours for which
22 shift differential premium pay is authorized, the overtime rate will be calculated
23 including the shift differential premium pay for evening or night hours.

24
25 45.9 Stand-By Pay. Employees required to restrict their off-duty activities in order to be
26 immediately available for duty when called, will be compensated for time spent in
27 standby status. Rate of compensation for standby status will be compensated at
28 a rate of two dollars (\$2.00) per hour. Employees who, on the effective date of this
29 Agreement, receive standby in excess of those rates shall continue to do so. In
30 addition to the pay received while on standby, an employee called to work will be
31 paid at their regular salary for all hours worked.

32
33 45.10 Call Back Pay. When an employee has left the grounds and is called to return to
34 the work station outside of regularly scheduled hours, they shall receive two (2)
35 hours bonus pay plus time actually worked. The bonus pay shall be compensated
36 at the regular rate; time worked shall be compensated at time and one-half (1-1/2).
37 Time worked immediately preceding the regular shift does not constitute call back,
38 provided time worked does not exceed two (2) hours. When the employee is
39 provided at least eight (8) hours notice the call back premium does not apply. .
40 An employee on standby status called to return to the work station does not qualify
41 for call back pay.

42
43 45.11 Multilingual/Sign Language/Braille Premium Pay. Whenever a classified position
44 has a bona fide requirement for regular use of competent skills in more than one
45 language, and/or sign language and/or Braille, and the need for that skill is
46 specified in the employee's position description, the employee shall receive a

1 premium pay of five percent (5%) above the level normally assigned for that
2 position, except for those instances where the position is allocated to a class that
3 specifies these skills.

4
5 If the employee's position is allocated to a class that specifies these skills, the
6 employee will receive a premium pay of five percent (5%) above the level normally
7 assigned for that position only when the employee's position description states that
8 the position has a bona fide requirement for regular use of competent skills in three
9 (3) or more languages in addition to English.

10
11 If this requirement is not included in the employee's position description, refusal by
12 the employee to interpret will not result in corrective action.

13 45.12 Assignment Pay. The Employer agrees to pay a premium rate of at least \$1.75
14 per hour above an employee's base salary for the time an employee works in any
15 of the following assignments:

16 a. While wearing a fall protection safety harness, when required by an approved
17 Fall Protection Work Plan. While working with a fall protection monitor, when
18 required by an approved Fall Protection Work Plan.

19 b. While wearing a fitted, reusable respirator or supplied air respirator (PAPR,
20 SCBA, etc.) when required by an approved Work Plan. Assignment Pay for
21 respirator use does not apply to non-trades hospital staff.

22 c. While working in a Permitted confined space, with appropriate permits.

23 d. When wearing a fall protection safety harness as required for specific Aerial
24 Personnel Lift equipment or suspended platforms in accordance with WISHA
25 standards (currently 10').

26 e. Skilled Trades Bargaining Unit Only: While using required personal protective
27 equipment (PPE), above and beyond the standard uniform, to protect against
28 arc flash when required by an approved Work Plan.

29 When an employee performs qualifying work less than 1 hour, they will be paid
30 a minimum of one hour per day of assignment pay. Work exceeding one hour
31 per day will be paid based on actual time worked.

32
33 45.14 Preceptor. Surgical Technologists (18716) may serve as a preceptor after
34 successfully completing a preceptor workshop or equivalent documented training
35 and agreeing to and being appointed to be specifically responsible for planning,
36 organizing, and evaluating the new skill development of one or more newly hired
37 surgical technologists or perioperative registered nurses. This includes teaching,
38 clinical supervision, role modeling, feedback, evaluation (verbal and written) and

1 follow up of the new or transferring employee. Employees will receive a preceptor
2 premium pay of one dollar and fifty cents (\$ 1.50) per hour for all time spent
3 engaged in preceptor role responsibilities with/on behalf of the orienting
4 employees.

5
6 45.15 Late Payroll Checks. Regular payroll checks, either hard copy or electronic,
7 should be available to employees on payday. If the University is responsible for
8 delay in receipt of a regular payroll check, the University will work with the
9 employee to attempt to have any incurred fees waived.

10
11 45.16 Weekend Pay. All hours worked on weekends by employees in applicable job
12 titles shall include a weekend pay premium in accordance with Appendix II.

13
14 45.17 Field Training Officer. When a Public Safety Officer has been designated as a
15 Field Training Officer for a new employee he/she will receive a five percent (5%)
16 increase for all the hours they provide direct training/instruction.

17
18 45.18 Custodian Compensation. Custodians working for Environmental Services at
19 UW Medical Center and Harborview will receive an Infection Control Premium
20 pay of \$1.00 per hour.

21
22 Custodian Lead Assignment. Custodians assigned lead duties by the Employer
23 will be paid \$1.65 per hour for the duration of the assignment. A lead is one who
24 is assigned lead responsibilities as defined by management but does not have
25 supervisory authority. A lead assignment is delegated responsibility for training,
26 assigning, organizing and scheduling work and reviewing completed work
27 assignments. Lead assignment pay may be for an indefinite period, solely
28 determined by the Employer and it shall not provide the basis for an allocation or
29 reallocation under Article 44.

30
31 Existing lead custodian positions may be converted to lead assignments when
32 vacant, at management's option. Management decisions to create, modify, or
33 end any lead assignments under this section after July 1, 2013 are not grievable.
34 Employees holding lead job classifications as of July 1, 2013 will not be affected
35 by this section.

36
37 45.19 Career Enhancement/Growth Program.

38 The University will continue its Career Enhancement/Growth program. The
39 program will reward employees whose development of skills, increased
40 productivity, or assumption of higher level duties results in service enhancements
41 or efficiencies for the department in which the employee works.

42
43 CEGP steps on the respective pay tables (see Appendix V Pay Tables), will be
44 attained solely through the Career Enhancement/Growth program and will not be
45 based on length of service.
46

1 Employees in every classification covered by this Agreement will be eligible for the
2 program. Employees are eligible to receive a Career Enhancement/Growth step
3 any time after they have been at the top automatic step in their pay range for a
4 minimum of one (1) year. Employees are eligible for the subsequent Career
5 Enhancement/Growth step beginning one (1) year after receiving the previous
6 step.

7
8 There will be no minimum or maximum number of employees who may receive
9 Career Enhancement/Growth steps. There will be no minimum or maximum
10 amount of money the University will spend on the Career Enhancement//Growth
11 program. Decisions about Career Enhancement/ Growth steps shall be made
12 within sixty (60) days of supervisory/ managerial/professorial recommendations.

13
14 Either employees or managers may initiate the CEGP application process. All
15 CEGP applications shall be forwarded to the Compensation Office, regardless of
16 approval or denial. If the application has been denied, the reason for the denial
17 must be documented.

18
19 The Compensation Office tracks CEGP applications, grants, and denials including
20 at a minimum the job class, department, employee id, the decision to grant or deny,
21 and the documented reason for any denial. If denied, the employee may appeal
22 to the decision-maker's supervisor.

23
24 The CEGP application form allows for the inclusion of up to three letters of
25 recommendation, and record years of experience in the position or field, as well as
26 years of service with the University in the Statement of Qualifications section. The
27 union will have access to this information on request.

28
29 The Career Enhancement/Growth program will not be a substitute for
30 reclassifications. Reclassifications will take priority over receiving Career
31 Enhancement/Growth steps such that if an employee qualifies to receive a Career
32 Enhancement/Growth step but could otherwise be reclassified, the employee will
33 be reclassified and will not simultaneously receive the Career
34 Enhancement/Growth step. Career Enhancement/Growth steps shall be
35 considered in calculating salary adjustment associated with promotion and upward
36 reclassification, but in no instance shall a salary in a new position be at a step
37 higher than the top automatic step in the new pay range, except for lateral transfers
38 where there is no mutual agreement not to exceed the top automatic progression
39 step in the new pay range.

40
41 The University agrees to regularly issue University-wide reminders promoting the
42 value of this program.

43
44 The parties will utilize the JLM committee to review the CEGP program periodically
45 with the goal to improve standards and accessibility.

46

1
2
3
4

The Career Enhancement/Growth program in its entirety is not subject to the grievance procedure (Article 6).

MOU: ANESTHESIOLOGY TECHNICIAN 1 RECRUITMENT AND RETENTION INCREASES

During negotiations for the 2021-2023 collective bargaining agreement, the parties agreed to the following regarding recruitment and retention increases for the Anesthesiology Tech 1 classification:

Effective no more than forty-five (45) days following ratification and on the first available pay period as determined by the Employer.

- I. The job classification Anesthesiology Technician 1 (Job Code 18711) on Pay Table BABB at Pay Range 12 will be moved to Pay Table BABB at Pay Range 17.
- II. Temporary hourly employees must be paid within range minimum and range maximum. If a temporary hourly employee’s current rate falls below the new range minimum, their hourly rate will be increased to range minimum.
- III. All regular employees will be placed on the new pay range at the same step as their current step.
- IV. Employee progression start dates (PSDs) will not be impacted by placement on the new range.

This MOU will expire upon implementation.

**MOU: CLINICAL LABORATORY TECHNICIAN SERIES RECRUITMENT AND
RETENTION INCREASES**

During negotiations for the 2021-2023 collective bargaining agreement, the parties agreed to the following regarding recruitment and retention increases for the Clinical Laboratory Technician classification series:

Effective no more than forty-five (45) days following ratification and on the first available pay period as determined by the Employer.

- I. The job classification Clinical Laboratory Technician 1 (Job Code 18718) on Pay Table BV at Pay Range 30 will be moved to Pay Table BV at Pay Range 35.
- II. The job classification Clinical Laboratory Technician 2 (Job Code 18719) on Pay Table BV at Pay Range 36 will be moved to Pay Table BV at Pay Range 41.
- III. The job classification Clinical Laboratory Technician Lead (Job Code 18720) on Pay Table BV at Pay Range 46 will be moved to Pay Table BV at Pay Range 51.
- IV. Temporary hourly employees must be paid within range minimum and range maximum. If a temporary hourly employee’s current rate falls below the new range minimum, their hourly rate will be increased to range minimum.
- V. All regular employees will be placed on the new pay range at the same step as their current step.
- VI. Employee progression start dates (PSDs) will not be impacted by placement on the new range.

This MOU will expire upon implementation.

With the goal of reducing the burden of required standby/call shifts, the Employer may create multi-campus voluntary standby (call) pool by classification. If applicable, the pool may include employees/members from different bargaining units and/or represented by different Unions. The classifications utilized for the voluntary standby (call) pool will be determined by the Employer. The Employer will develop a process for employees to sign up for the voluntary standby (call) pool for their classification. Employees may remove their name from the voluntary pool at any time. The Employer will utilize the voluntary standby (call) pool to fill standby shifts and/or to call employees into work at Harborview, UW Medical Center- Montlake, or UW Medical Center- Northwest as necessary. Regardless of where the employee is called to work, the employee's compensation will be based on the terms and conditions described in their home collective bargaining agreement.

**MOU: UW MEDICINE PRE-SCHEDULED VOLUNTARY DOUBLE-TIME SHIFT INCENTIVE
FOR CRITICAL STAFFING NEEDS**

During reopener negotiations for the 2021-2023 agreement, the parties reached agreement on the following regarding Pre-Scheduled Voluntary Double-Time at Harborview and UWMC-Montlake.

After the initial scheduled bid is incorporated and posted, and the employer has sent out notice for staff, including temporary employees, the Employer may offer pre-scheduled voluntary double-time shifts for any classification. The determination of critical staffing needs and the double-time shift incentive is at the sole discretion of the Employer.

The shifts shall be compensated at the rate of two times (2X) the regular rate of pay for all hours worked. Pre-scheduled double-time shifts will be considered Extra Shifts and will not be guaranteed, but once scheduled are expected to be worked unless it is determined that they are not needed. Staff members calling in sick on voluntary double-time shifts will not receive sick pay.

Temporary employees will not be eligible to volunteer for pre-scheduled double-time shifts until they have scheduled up to forty (40) hours in the week of the pre-scheduled double-time shift regardless of their FTE. Temporary employees must also work all scheduled hours in the week of the pre-scheduled double time shift in order to be compensated at double time for the shift(s). If they do not, they will be compensated at the appropriate rate of pay in accordance with Article 60 Regular Represented Temporary Employees.

All staff, once scheduled, are expected to honor the commitment, with the exception of illness or serious emergency. Notification of absence is required at least two (2) hours before the beginning of all shifts.

Failure by the Employer to notify or attempt to notify staff of cancellation at least two (2) hours in advance of the shift will result in the employee being assigned to a unit for two (2) hours.

Tentatively Agreed To:
