

WE MAKE FLORIDA HAPPEN

SIGN ON LETTER: A FAIR CONTRACT FOR STATE WORKERS

WILL YOU ADD YOUR NAME?

From Key West to Pensacola, Florida State Workers deliver high-quality, critical services for state residents. But low pay and lack of flexibility from the state has led to chronic understaffing, resulting in burnout, stress and high-turnover rates.

A fair contract means:

- Safer, more efficient delivery of services by adding existing telecommuting language to the contract;
- Better compensation to recruit talented new workers and retain experienced, skilled professionals;
- A freeze at current level of contributions for health insurance.

As an elected representative, I am joining with state workers in calling for a fair contract, improved compensation and better working conditions. The end result will be a state with better services for all our residents and a state workforce able to recruit and retain the best workers possible.

State workers provide so much for all of us and we will all benefit from a fair contract. Let's do the hard work of reaching an agreement which will strengthen our state.
